MEMORANDUM FOR: Chairman, Interagency Group/Countermeasures (Policy)

SUBJECT: First Biannual Report for the President on the President's
Report to the Congress on the Nation's Counterintelligence
and Security Countermeasures, Plans, Programs, and
Capabilities

REFERENCE: Report from the Chairman, IG/CM(P), dated 15 April 1987

1. I have reviewed your gratifying package on tasks accruing to the IG/CM(P) from recent executive branch and Congressional studies on counterintelligence and security countermeasures. I realize that the largest number of tasks fall to the IG/CM(P). It is further recognized that the initial start-up time in the first six months required sorting the tasks and assigning them to appropriate committees for action. I trust you have begun action on those tasks not yet reported on in your initial report.

2. I realize that all of the tasks belonging to your group could not be completed in the first six months. I would, however, expect that those actions not yet reported will appear in the next report. I am confident that your next status report will indicate that all tasks within the province of the IG/CM(P) have been initiated. I accept and appreciate the fact that there are several actions that are complex, but I am confident that your group can complete them.

3. Please be aware of the probability that at least the SSCI will call for hearings on the first report of our progress. The next biannual report will be due to the Chairman, SIG-I, via the Intelligence Community Staff on 15 October 1987.

William H. Webster
Chairman
